Assessor Comments	280 WS/MO mixed sex lambs, April/May 2026 drop, Merrowie bred, 29.4kgs live weight. Bred from Warburn/Warwick Park WS rams out of Ballatherie ewes, lambs endured a difficult autumn and were early weaned into containment. Lambs were marked and turned out onto grass and have responded to quality winter grasses. These lambs have ample frame and will grow quickly if given continued access quality feed. Lambs do have some dry dag and would benefit crutching or shearing.
