Assessor Comments	610 April/May 2026 Merino wether lambs, Kurragundi Bred, Woodpark Poll/Collinsville blood, mulesed, unshorn, 28.2 kgs. Lambs are reasonably fresh and show good length and depth, ideal types to grow out for the trade or to retain as wool cutters. Lambs have good body types and will cut a stylish medium wool. Lambs have been cross weaned at assessment and will be paddocked out on fresh native grasses and bush until delivery. Some lambs present with dag and would benefit crutching. Have been fed Faba beans on mothers.
