Assessor Comments	A nice even line of Trigger Vale and Centre Plus blood Merino Wether lambs. These lambs are well grown and present in strong forward store condition. Good dual purpose sheep with an attractive start in the skin. When handling, you can feel that they have turned the corner and are responding to warmer weather, and will continue to do so. Have been trained onto grain in the last 4 months. Genuine September drop, all mouths I inspected appear to have time, with no sign of spacing or wear yet. They have been weighed out 40 kg and above fully curfewed. Please note that a small percentage was not weighed at assessment but will be sorted prior to delivery. So prospective buyers can bid with confidence. Also please note a small percentage have been market crutched as required.
