Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.
Assessor Comments	On offer are 358 April/May 2026-drop, new-season sucker lambs, weaned and ready to go. These lambs were individually weighed at assessment, averaging 38.3kg liveweight, with a weight range of 27kg to 45kg after a full overnight curfew. A quality line of second-cross lambs displaying good weight for age. These lambs are ideal to take through to trade or heavy export weights and present an excellent opportunity to fatten this spring. Buyer note: These suckers have been weaned, tagged, and vaccinated with 6-in-1 + B12 & market crutched after assessment. They will be fed barley daily in troughs, with ad lib access to lucerne hay and straw until delivery. These suckers carry my strongest recommendation
