Assessor Comments	630 Merino wether lambs, April/May 2026 drop, Strathavon bred, Collandra North blood, unshorn, mulesed, 33.8kgs live weight. A line of quality merino lambs ready for the successful bidder to turn out. Lambs are true dual purpose sheep growing a great long stapled white wool whilst having plenty of length and depth of body ensuring a quality carcass on the hook. A great opportunity to put out lambs to meet spring/summer trade and export markets or to retain as wool cutters. Lamb are fresh and will grow quickly if shown the right nutrition. Lambs have been trail fed Faba beans on mothers.
