Assessor Comments	560 Outstanding wether lambs. May/June 26 drop , ave 43 kg. Ideal lambs to purchase for a quick return or to kill for the light trade. Lambs well grown , very fresh and full of bone & muscle. Vendors have found keeping the Samm influence helps keep the body length and leg under them so ideal lambs to grow out. Please note these lambs along with sisters and mums have been around yards for 2 days prior to assessment so weights may vary on delivery Lambs have gone back onto excellent feed. If a butcher buys these lambs we will work in with delivery that suits over a 2 week period. Restockers please note these lambs have not had any vaccinations. A tail of 350 lambs drafted off so sale lambs present as a very even line. Please ring with any questions.
