Assessor Comments	On offer is a top-quality line of Dohne wether lambs. Lambs present in very fresh condition and will continue to go ahead well if given the opportunity. Lambs are April/May 2026 drop, unshn. This is the complete drop with a small tail removed prior to assessment. Lambs have good length and stretch with a good Dohne shape. Bred out of vendors own large framed classed flock. Lambs are normally retained and finished for the trade making export and heavy export weights. Lambs were weaned at assessment so I would expect them to lose a little bit of shine and dry out in the tip by the time delivery comes around. At assessment lambs had a weight range of 34-53kg to avg 43.3kg. Top quality lambs that you can buy with confidence.
