Vendor Comments	Very happy with our lambs this year. It's been an amazing turn around when considering the past couple of seasons. It's unreal what you can do when you get rain!			
Assessor Comments	Herein presents an opportunity to secure a quality, neat draft of well-bred, woolly Poll Merino wether lambs. The lambs have drafted up exceptionally well, with a 25% tail removed, leaving a very even and attractive line of lambs. They have enjoyed a cracking start to life, hitting the deck onto green feed that has only continued to improve in both quality and quantity throughout their development. The lambs present with good shape, length and structure, coupled with a considerable start in the fleece already. They offer plenty of doing ability and the opportunity to grow into valuable export-weight wethers. A great opportunity to take advantage of the abundance of feed currently available and capitalise on the buoyant red meat and wool markets. Please note: Lambs have been imprinted on Barley and a total of 780 for sale in two lines of 390 run out the gate.
