Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	Good line of very neat and fresh xb lambs. Only May drop and weaned for 2 months, these lambs are flying at the moment and have every chance for the majority to finish without needing shearing. All weighed through the auto drafter at 37 - 47kg, they present as a very even line. Vendor puts a lot of time into his breeding and ram selection and, on the back of previous years, these lambs perform.
