Vendor Comments	Best we've had our lambs, very pleased with their weight for age.		
Assessor Comments	Second draft of the well known & high performing Bowman wether lambs. These are a very even line, having had a tail drafted off and all lambs being weighed through the auto drafter at 32 - 40kg. Well weaned and booming ahead on good pasture, I'd expect them to really take off post shearing and turn into high quality export weighted lambs given a good feeding program. Previous buyers have all commended their quality and performance on grain and grass. Note the rubbing from the prior lice infestation that has been treated and cleared up. Tops in this sale also, along with other lambs from the Upper South East and Mallee.
