Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	A nice line of 400 quality wooly ms 2nd cross lambs bred out of med-large frame composite & mo ewes, sired by high index ALLENDALD BLD PD & SU Rams, ELLA MATTA BLD WS rams, & PROBREED BLD composite Rams. Average 34.6kgs, range 30-42kgs.. This consignment has a very tight weight range with majority LMS 32-37kgs., hence the line is very even. These lambs have plenty of potential, are very fresh, weaned & are very young so have plenty of time to grow out into export weights given the right feed and conditions. The majority are 2nd X with high growth rates & very good breeding. The dirty lms will be crutched prior to delivery. NOTE THE VENDOR CAN MAKE THE LINE UP TO 640 (A NICE 4 DECK LOAD) ON REQUEST, IF DESIRED BY THE PURCHASER.
