Assessor Comments	600 very good quality vendor bred Dorper lambs. Lambs are March to July drop with weights ranging from 23kgs - 51kgs to avg. 34.2kgs. Lambs have plenty of breeding; Dell, Burrawang & Kaya blood, with frame & depth. They have been supplemented with cotton seed whilst on their mothers. Vendor would usually retain lambs through to heavier feeder weights, but this time they're up for offer. Renowned performers - lambs would be ideal to grow out to heavier weights on crop or feed.
