Assessor Comments	The annual sale of the FB Lock & Sons 1st Cross wether lambs. FB Lock & Sons is one of the very best producers of 1st cross Border Leicester / Merino lambs in SA & Western Districts of Victoria. Only the top & cleanest merino ewes from the best of the Mallee & Mid North sheep flocks, come on to Warrawee. Coupled with Alderside Park Super Border sires, the lambs produced have a distinct type showing growth, bone, muscle and a good open & clean head. This 425 will be a run out the gate from a total line of 1275. Individually weighed, the line is very even & tight. The minimum weight is 37kg with maximum 58kg. The bulk of the lambs however will fall in the 37-43kg range. The lambs are healthy, have been crutched & show through the scales that they are averaging 230gms/hd/day growth. Given the cold wet winter & the weaning process, this is well on par with previous years. These lambs are well suited to the feedlotter or a grass finisher looking to turn off lambs in the Christmas / January period. They are currently fresh in the skin, but will progress significantly quicker once shorn. A very nice line of lambs that are well known for their ability to finish. NOTE - Another 1150 lighter lambs also in this sale.
