Vendor Comments	Very pleased with the early growth of this year's lambs
Assessor Comments	The first draft of Ulooloo's 2026 Dohne wether lambs, these lambs have been drafted to an estimated minimum of 38kg and the sample weighed averaged 43.9kg after a 23 hour curfew. They are nice fresh lambs that have shown great early growth due to a better than average season so far, however feed is starting to dry off. Ulooloo lambs have previously proven to perform very well in the feedlot.
