Traits									
30 Head	The odd lamb has a black head or body reference the photos and videos								
Assessor Comments	A very good line of mixed sex ultra white weaned sucker lambs with with the majority being wether lambs. These lambs have been weaned onto pellets and are still going forward without missing a beat in the weaning process. ideal to go back on grass or keep on pellets. With all the hard work been done and high quality breeding there are multiple options available going forward ideal to grow out and sell as heavy trade lambs.
