Assessor Comments	First cross Ewe lambs to average 41.3kg, 100% weighed between 38-50kg. These young ewe lambs are bred right with quality Stud Rams from FXM and Dunneild Border Leicester used over large framed SRS style merino ewes. Lambs were dipped for lice and fly on the 22/09/26. Plenty of stand up in these lambs and once shorn would grow into fantastic future breeders for the second cross job. Vendor has been breeding first cross lambs for 30 yrs. Approx 4 lambs have small colour patches. This represents the lead draft out of 800 ewe lambs with a 12% tail drafted off. Vendor has multiple lots on this sale today to assist in truck configurations.
