Assessor Comments	On offer is an incredibly well bred line of 2nd x new season lambs that are by large framed Western bred first x ewes sired by Kraywood Poll Dorset rams which are a Tatty keel based bloodline. These lambs are a July/ August drop and average 37.4kg Avg after a 10% tail was removed. Lambs are particularly young and extremely well bred. As this time of year some lambs potentially may have an odd barley grass in eye, vendor has removed what was noticed at assessment.
