Assessor Comments	Well bred line of weaned primeline mixed sex store lambs in fresh forward store condition. Weighed individually 31-34.5kg at assessment. They represent a tight weight range in a large group of weaned lambs with the tops and lighter end retained on farm. Lambs come highly recommended and are generally finished to supermarket weights. Lambs carry a clean bill of health and an ideal article to background and shear when required. Lambs were trained to a trail feed post weaning. Please call for further information. Any major dirty lambs will be bunged prior to delivery. Total of 600 lambs on offer in two lots and will be delivered by draft gate to ensure evenness at delivery if required.
