2 Head	Long tail (Marked at Assessment)

Assessor Comments	A opportunity to purchase a line of 230 Poll Dorset merino cross suckers that have been run through the auto drafter and has had a small tail taken out. These lambs are out of medium to large framed Meadow View blood ewes. Previous purchasers have taken these lambs out to trade and export weights. The vendor has 2 other lots in the sale from another property at similar weights and would be ideal for some one looking to put a line of 800 one mark lambs together to fatten. At assessment there were two ewe lambs with tails noticed and were marked.
