Assessor Comments	Presenting an attractive line of feeder lambs that are primed to be a quick return for the astute lamb finisher. These lambs are weaned, crutched, drenched and vaccinated in mid September are all by the muscular Charollais rams. On assessment day, all lambs were individually weighed 40-49 kg live and will be a trade to heavy weight in no time. These lambs are really on the improve and there's a possibility to be heavy trade weights without requiring shearing if shown the conditions
