Assessor Comments	A well bred line of Poll Dorset cross Merino suckers that have ALL been individually weighed 27kgs and up full. This consignment of lambs represents the vendors lead draft of this years terminal lambs. A great opportunity for the potential buyer, being the tops of the drop as well as being a very even line of young light lambs averaging 31.4kgs. Sired by lambpro poll dorsets, these crossbred lambs have the breeding behind them to grow out into trade and export weights given the opportunity.
