JD Approved Vaccinates	Sheep are JD Approved Vaccinates. Vendor has been continuously vaccinating all retained lambs in the flock for 20 years
Vendor Comments	Normally retained and fed on to kill. Joining considerably more ewes this season.
Assessor Comments	This draft of 680 represent the top draft of 2000 wether lambs that are just getting going on tremendous spring feed since shearing. Vendor has in the past carried these lambs through to export weights, only offering them this season due to a significant increase in breeding ewes. Represents great oppurtunity to fatten or to grow out into outstanding line of wool growing wethers.
