Assessor Comments	A line of 290 Cashmore Oaklea blood ewe lambs, June/July 2026 drop. Weighed out at 30kg live weight and up at assessment. Bred from highly regarded Cashmore Oaklea genetics, these ewe lambs offer an excellent opportunity for purchasers looking to secure quality future breeders. Vendor is only offering these ewe lambs for sale due to a high lambing percentage, resulting in surplus replacement females. An opportunity to purchase a sizeable line of young breeding ewes with quality genetics behind them. The McKinnon Family are often selling lambs into the heavy export market and no doubt these ewes will go onto produce lambs that will allow you to do the same
