Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.
Assessor Comments	Offering 204 pure Chrome blood Composite ewe lambs. All lambs are July/August drop. Vendor has retained a run out the gate of these ewes meaning some of the tops of the drop are still in the mob. When selecting Maternal Composite rams at Chrome, a strong emphasis is placed on positive fat & EMA, whilst maintaining growth rates & fertility! This represents a brilliant opportunity to secure Composite genetics from the top shelf! Chrome sheep are bred to perform under tough conditions & produce kill lambs, not stores!!!
