Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.
Assessor Comments	Coolibah presents an excellent run of 2,220 White Suffolk/Composite lambs to be offered in three even lines of 740 head. July 2026 drop and bred from Chrome Composite bloodlines, these lambs were grain trained on their mothers. Weaned on the 19th of October, lambs were drenched with a triple combination and received their second 6 in 1 vaccination. Since then they have been trail fed barley. Offered solely due to seasonal conditions, these lambs represent an excellent opportunity to secure a well-prepared line with plenty of potential to grow out to trade or export weights. These lambs come with my highest recommendation!
