Assessor Comments	Offering 610 principally White Suffolk sired store lambs. Lambs are sired by high indexing Gemini & Boonerah rams and present in fresh forward store to forward condition. They have had 2 x 6-in-1 vaccine and a 20% tail was removed prior to assessing with this draft being the lead. The Glenample lambs are very well bred with positive feedback from previous purchasers. Lambs will run on ewes until day prior to delivery. Rarely offered at this time of year, they are late drop, will shape up well and have the breeding and capacity to reach heavy export weights if given the opportunity. A chance to acquire well bred, genuine late drop, performance lambs to finish into any market.
