Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.
Notable Traits	Traits 20 Head Slight broken wool on back of lambs
Assessor Comments	Opportunity to purchase a run 2nd x lambs with an advanced weight. These lambs have the traits to grow onto extra heavy export lambs, in previous years have pushed these out to 60kg plus. Vendor breeds high quality ewes and purchases the top end of rams at the studs mentioned. Only reason being offered is that going forward the feed available to do a finishing job is limited. The lighter plainer lambs were removed from the mob.
