Assessor Comments	480 mixed sex Dorest & Comp x Comp lambs. Lambs were weighed from 32kg to 42kg to average 37kg.They are a late June / July drop lambs and were weaned at the end of Sep. They were drenched at weaning and received their second 6in1. The vendor used 9 Dorset rams and 3 composite rams at joining and these are the mid run out of 1150 lambs. Majority look to be Dorsets though there are some maternal types through them, majority of the maternals appear to be in the next run down. All lambs will be crutched prior to delivery. All lambs were imprint fed barley on mum 7 times and are now on lick feeders. They are out of big frame composite ewes by quality LSK Dorset's and Paradoo composites. All lambs will be crutched prior to delivery. In the past these lambs have done very well post shearing and on grain. Well bred lambs.
