These lambs are bred from high-performing Primeline ewes and joined to quality terminal and maternal sires, including Poll Dorset and Tradie/Primeline rams. They present with excellent shape, muscling, and depth - true to type and displaying all the attributes of their breeding. This line offers the successful purchaser the opportunity to take them through to trade or export weights and maximise returns in the current strong lamb market. Please note - Vendor has 1900 lambs in the sale if you are looking for a very even run of lambs.
