Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.
Assessor Comments	Very good quality line of future breeders! Second draft of the 2026 drop, bred from very fertile Mundadoo MPM ewes ex Mundadoo and sired by Gleneith blood rams. Don't miss this opportunity to secure some very well bred and grown prime lamb factories of the future. Mundadoo MPM stud and commercial flock are very well known for their fertility, growth, bare breach (non mulsed) and doability. Sires of these ewes have set them up to be very productive from an early age having been bred from stud sires selected for High PWT and good fats EBV's.
