Assessor Comments	An impressive line of 127 quality, well bred Australian White lambs offered on account of G & D Armour, backed by 100% Tattykeel genetics. These lambs display excellent breed character, carcass qualities and growth, with 100% individually weighed from 35kg to 45kg, averaging 40kg at assessment. Lambs are presented in fresh, forward store condition, offering excellent potential for further growth and finishing. The Armour family generally grow their lambs out to 26–28kg carcase weight, regularly achieving impressive dressing percentages of 50–52%, highlighting the carcass performance of their breeding program. All lambs are up to date with animal health treatments, including Scabby Mouth vaccination and two doses of Glanvac 6S. Please note the age breakdown consists of 102 June/July 2026 drop and 25 April/May 2026 drop, with 19 ewe lambs included in the total draft. A quality line of young Australian White lambs with proven genetics and excellent potential to grow into heavy, high yielding trade or export lambs.
