Assessor Comments	The tops of Boonerah's Annual Future Breeder Ewe Sale, comprising 660 Composite ewe lambs offered in three lines of 220 head. July 2026 drop, weaned and averaging 44 kg. Bred from established Boonerah genetics, these ewes present a sound opportunity for buyers looking to secure quality future breeders. All lambs have been drafted into 3 lines with a tail removed, giving you an even line of sheep that have a good base weight to be hopefully joinable in the new year. Purchasers in the past have had terrific results in conception and lambing of ewe lambs and have held the Boonerah ewe lambs in high regard.
