Assessor Comments	On offer AC - JA & SL Jarvis 75 station mated Merino ewes. Ewes are 2-5 years old with the majority being black tags. These sheep have been running with top quality Keirstone Poll Dorset rams. The flock averaged 18.5 micron at 5kg in 2024 and show nice bright white stylish wools. These ewes show plenty of body of barrel, bred out of Pemcaw bld and would be a great addition to any flock or mob to start on providing a successful purchaser a number of avenues to make the most of these vendor bred ewes.
