Assessor Comments	Willoway Farming are offering 370 ewes and 2 x runs out the gate of 185 head. Ewes are a bit over 12 months of age and present mainly with lamb teeth. Born and bred on Uardry Station out of large frame ewes, they were brought down to the South East due to a continued dry and tight season earlier in the year. Ewes have since responded and have shown significant growth through late winter and will continue into spring. Shorn at the start of July and ready to take advantage of spring flush before joining. Take the opportunity to secure lines of good plain robust easy doing ewes now before they are incredibly hard to find.
