Assessor Comments	320 July/August 2025 drop first-cross ewe lambs, scanned in lamb at 139% to the Rogers white suffolks. (125 multiples & 195 Singles). Well grown and showing good frame for their age these ewe lambs present a good opportunity for a quick return, while also been good future breeders for years to come. Ewe lambs were receiving a full crutch while assessing. These ewe lambs are going to be offered as a run out the gate with the correct number of multiples and singles, so a change to put 2 lines of 320 SIL ewes together.
