Preg Scanned?	No, this lot was not pregnancy scanned.
Other Joining Details	These ewes have been continuously joined since purchase in April
Assessor Comments	82 Excellent quality young Aussie White ewe lambs in the prime of their life, they have been running with Australian White rams since being purchased in April & have been running on fresh vetch crop so they're already going forward and will continue to do so for the new purchaser. 100% of this lot have been weighed so you can buy with confidence. These ewes were purchased ex Wagga saleyards in April as part of a bigger run of mixed sex lambs, the majority of them are all one mark with a few smaller lots making up the balance. They will be an excellent opportunity for all prospective buyers and will be productive ewes for many years to come. These ewes represent the tops of nearly 200 ewes in this sale, there is another lot of 115 available in this same sale.
