| Assessor Comments            | On offer is an excellent line of NSM ewes with plenty of life left in them to bolster any breeding operation. These ewes weaned 128% lambs this year and are on the go forward. Showing excellent trueness to type of the modern merino, they are sure to not disappoint.                                                                                                                      |     |               |     |
