Assessor Comments	On offer are 61 Hazeldean purebred Meatmaster ewes, presenting as a good line of well-grown, functional young females. The mob averaged 53.6kg liveweight at assessment and offers purchasers an excellent opportunity to secure quality Meatmaster females suitable for future breeding programs. These ewes display healthy shedding skins and are typical of the Meatmaster breed. Please note that approximately eight older females are included within the mob. Additionally, approximately five ewes were observed showing signs of being in lamb, including bagging up at the time of assessment. A handy line of productive Meatmaster females.
