Assessor Comments	265 April/May 2025 drop Merino ewes,, Kurragundi Bred, Woodpark Poll blood, mulesed, July shorn, 42 kgs. A nice line of merino ewes that are responding quickly to fresh winter feed. Ewes had difficult summer/autumn but have improved off shears and will continue to grow into moderate to large framed, plain bodied ewes to suit both merino or terminal production. Quality sheep that cut a stylish 18-19 micron wool, from a highly fertile flock. A great opportunity to purchase young ewes outside of the Riverina sales.
