Assessor Comments	A very impressive line of 26 Tattykeel Red Tag Certified Australian White SIL ewes offered on account of G & D Armour. These 2023 drop ewes have scanned 140% in lamb to the latest Tattykeel flock rams purchased at the 2025 Annual Tattykeel Sale. Ewes present in excellent condition and are typical of the quality the Armour flock is renowned for, displaying outstanding carcass, length, breed character and fertility. A standout feature of this line is their proven reproductive performance. These high fertility females lambed in March/April this year and have successfully rejoined, scanning 140% in lamb for an October lambing. This quick turnaround highlights the fertility and productivity that G & D Armour have consistently selected for within their Australian White breeding program.
