Other Joining Details	All the black tags (95hd) are joined to the Egelabra Ram. The balance are joined to majority merino and Border Leicester Rams
Assessor Comments	A quality line of 435 Egelabra blood SIL Merino ewes, 2–4 years, averaging 48kg at assessment. An even line of medium-framed ewes presenting in healthy store condition, displaying soft, supple skins and carrying an even white fleece. These productive young breeders exhibit good constitution and represent the younger breeding end of a long-established and highly regarded Egelabra flock. 100 percent SIL following a 6-week joining to Kerin Poll Merino and St Helena Border Leicester rams, due to commence lambing from approximately 12th October. Offering purchasers the opportunity to secure productive breeding ewes suitable for retaining quality Merino replacements or producing highly sought-after first-cross lambs. Shorn 22nd June and carrying approximately 10–11 weeks' wool at assessment. A genuine opportunity to purchase a quality line of productive breeding ewes with many years of breeding ahead. Full herd dispersal, this vendor has 2 other lots in this sale. Also please note the yellow tags in the photos are not included in this sale lot.
