Assessor Comments	42 Vendor bred, Merino & Poll Merino Ewes, Aug/Sept '25. June shn, scanned in lamb to Ashbank Stud White Suffolk & Poll Dorset rams. 4 week window of joining to lamb approx. 3/10/26 onwards for 4 weeks. Ewes are as dropped, unclassified ewes joined at 9 - 10 months old. Wool results for this line of ewes have shown a productive cut of \$56.37/hd for lambs wool shorn, oddments not included in price. These ewes display bone, thickness and do-ability whilst retaining a feminine outlook. Extra heavy boned, plain bodied ewes that present very well. Ewes will be excellent heavy weight ewes once their breeding days are over. The sires are from the well renowned Ashbank stud @ Dubbo, who sell only top quality terminal sires to the leading fat lamb breeders in the district. The stud has followed lambplan breeding objectives for many years and have delivered a sound product to their customers for decades. First class line of ewes for the discerning purchaser. Nb: 62 2 year old sisters same sale. Same joining. Highly recommended by Assessor.
