Assessor Comments	An excellent restocking opportunity to secure an outstanding line of classed Haddon Rig blood Merino ewes. These proven breeders lambed at 127% and cut 7.3 kg of wool in 2025. They represent the complete 2020 drop of Boorooma ewes that would typically be rejoined however due to dry conditions are on offer. These ewes have been classed by Robbert Campbell as young ewes and have recently been classed by Steward Murdock. Buyers please note a portion of these ewes have pink tags due to running out of purple tags at marking.
