Assessor Comments	Vendor is looking to scale back which presents an excellent opportunity to purchase 500 classed in breeders over 3 lots, with over 100yrs of Merino breeding behind them. Here we offer 185 4-5yr old ewes, Vendor has been selecting rams for early maturity and eye muscle depth, which shows through into these sheep. Vendor targets the GMP grid at Gundagai for his wethers with a large percentage receiving the lean meat yield premium. With the adult flock av 6kg of 19mic wool these ewes are the perfect dual purpose merinos.
