Assessor Comments	Selling 775 ewes as 2 lines of 385 run out the gate. Last stage flock dispersal of sheep flock on Wonbobbie. As dropped, not culls. June / July 2025 drop young maidens that have grown out well and will continue to develop over the coming months. This is the top line of the 2025 drop Ewe lambs and hoggets from Wonbobbie. 10% tail removed prior to assessment. Genuine potential replacement merino breeders or join to the terminal of choice. Plenty of depth in breeding, having been Haddon Rig clients for the past 75 years. These ewes are on the front foot and will join up at the drop of a hat.
