Assessor Comments	Outback MPM Merino Ewes, Only March/April '23 drop, 3.5 yrs of age. Ewes are highly fertile with high percentages of lambs weaned year in, year out. Classed ewes, this is the complete drop off Lindvale. Ideal ewes to join to terminal Rams or a Border for Xb production. Or to add to a self replacing flock for more of the same. Usually shorn every 8 months in the program on Lindvale. Performance sheep. Ideal dual purpose ewes that have proven themselves year in year out. Ready to join from now onwards. Highly recommended by assessor.
