Assessor Comments	525 April/May 2021 Merino ewes, Albemarle bred, Charinga & Willandra blood, August shorn, mulesed, 75.7kgs live weight at assessment. A quality line of mature ewes that display plenty of depth, bone and length that cut a good staple of wool. These ewes reared 106% of lambs this year with any dry sheep removed via wetting and drying at lambmarking. Ewes had lambs weaned from them at shearing and have responded well and are ideal to purchase to join for either merino or 1st cross production. Ewes were jetted with Cryex Liquid off the board. Of ewes assessed all were sound of mouth and all ewes udders were inspected and found sound. Please note delivery day of 9th October.
