Assessor Comments	An Opportunity to purchase an outstanding line of highly productive Demondrille blood Merino Maidens. The Parlour Grove flock has been using Demondrille Rams for the past 20 plus years and has been heavily classed by Andrew Davis ever since. . These Maidens would make a wonderful addition to any flock for to use for wool production or 1st x ewe matrons. The McMahon family has had a strong focus on producing heavy cutting, fertile merino ewe flock with plenty of carcase to still produce export weight Merino Wether lambs annually. Please note these ewes were retained at the first classing, but due to large flock numbers these ewes will be offered for sale.
