Assessor Comments	A very good line of young future breeders which are ideal as a top-up group of replacements in a Spring where 1st X ewes have been highly sought after. The vendor was planning to keep these ewe hoggets but with a positive seasonal outlook not guaranteed, they've decided to sell. These top quality, vendor-bed ewe hoggets feature the following: * By Wattle Farm and Normanhurst Border Leicester rams, out of Egelabra Merino ewes * Ready to join, weighed out 50kg plus with a small tail retained by the vendor * Gudair vaccinated * July 2025 drop ewes * Previous 1st X ewes sold from Glengarry come with high recommendation from purchasers. The vendor is potentially offering to scan the ewes for buyers reassurance and could also be shorn for the successful purchaser.
