Assessor Comments	On offer is a tidy line of 292 x NSM May/June 2025 drop ewe lambs. The ewes are in forward store condition and will power along if given the appropriate opportunity. The ewes are from a well bred self replacing Leahcim flock. Good doing easy care dual purpose, medium to large framed ewes, displaying good frame and quality. The vendor focus' on selecting sheep with excellent carcass attributes with an emphasis on fertility. The ewe lambs present an ideal opportunity to feed on for processing as hoggets or to join in the following months (these ewe lambs have been imprinted onto grain being trail fed over the previous dry summer). The mature ewes marked 130% in 2026. Note: A 12% tail removed at assessment. Ewes were weighed empty after an 20 hour lockup. Please call for further information.
